

Elder abuse and neglect

When our older relatives, friends, and neighbors need help, we have the heart to care for them.

But some of our Kentucky seniors are hurting more than they can say. Their unheard cries are for relief from abuse.

If you see or suspect neglect or financial, physical, mental, or sexual abuse, you must report. It's the law.

Call the abuse hotline anytime at

1-800-752-6200.
